

MMC Reports Third Quarter 2007 Results

For the nine months ended September 30, 2007, revenue for the risk and insurance services segment was \$4.2 billion, an increase of 3 percent from the year-ago period. Marsh's revenue rose 1 percent from last year to \$3.3 billion, and Guy Carpenter's revenue rose 4 percent to \$735 million. Underlying revenue for the segment was unchanged from the prior year.

Consulting

MMC's consulting segment revenue grew 14 percent to \$1.2 billion in the third quarter on a reported basis, and 9 percent on an underlying basis. The segment's operating income grew to \$148 million from \$112 million last year.

Mercer increased revenue 11 percent to \$844 million in the third quarter, and 7 percent on an underlying basis. This growth was achieved throughout Mercer's operations: retirement and investment had \$307 million of revenue, an increase of 13 percent; health and benefits, \$197 million, or 4 percent growth; outsourcing, \$187 million, grew 14 percent; and talent, \$128 million, increased 11 percent.

The strong demand for consulting services offered by the Oliver Wyman Group continued for the fourth year in a row. Oliver Wyman grew revenue 23 percent to \$374 million in the third quarter, or 17 percent on an underlying basis. Management, economic and brand consulting all produced double-digit revenue growth.

For the nine months ended September 30, 2007, the consulting segment generated revenue of \$3.6 billion, a 14 percent increase over last year. Mercer increased revenue by 10 percent to \$2.5 billion, and Oliver Wyman grew revenue 25 percent to \$1.1 billion.

Risk Consulting and Technology

Kroll's revenue was \$260 million in the third quarter, an increase of 9 percent from the year-ago quarter, or 11 percent on an underlying basis. Operating income at Kroll was \$31 million in the quarter, compared with \$38 million last year. This decline was largely attributable to higher compensation expense in the corporate advisory and restructuring business to retain key professional staff in anticipation of future increased activity.

Quarterly revenue in Kroll's technology operations increased 14 percent to \$147 million, led by the Kroll Ontrack legal technology unit and Kroll's background screening business. Revenue in Kroll's consulting operations rose 4 percent, to \$113 million.

For the nine months ended September 30, 2007, Kroll's revenue was \$746 million, up 1 percent, or 2 percent on an underlying basis. Technology revenue increased 11 percent to \$420 million, while consulting was down 9 percent to \$326 million. The decline in Kroll's consulting revenue primarily reflects a significant reduction in client success fees for completed engagements compared to those received in 2006.

Other Items

On August 3, 2007, Great-West Lifeco, a financial holding company controlled by Power Financial Corp., completed its purchase of Putnam for \$3.9 billion in cash. Following the tax payments on the transaction that MMC expects to make in the fourth quarter of 2007, the cash proceeds to MMC after minority interest should approach \$2.5 billion.

MMC's tax rate on ongoing operations was 32 percent for the third quarter of 2007. The effective tax rate in the quarter primarily reflects the unfavorable impact of tax rate changes in certain international jurisdictions.

On August 24, 2007, MMC entered into an \$800 million accelerated share repurchase transaction and received an initial 21 million shares of its common stock, with the remaining shares to be received upon the transaction's completion. In July 2007, MMC completed a previously announced \$500 million accelerated share repurchase transaction, under which it repurchased a total of 16 million shares. Primarily as a result of these two repurchase transactions, MMC's average diluted shares outstanding decreased from 558 million in the second quarter of 2007 to 540 million in the third quarter. A further reduction of average shares outstanding will occur in the fourth quarter.

MMC's cash position at the end of the third quarter was \$2.8 billion, increasing from \$1.1 billion at the end of the second quarter. Debt decreased to \$3.9 billion from \$4.9 billion. These changes were primarily attributable to the receipt of proceeds from the Putnam transaction, partially offset by the funding of the \$800 million share repurchase in the third quarter.

Notes

(a) Primarily includes severance from restructuring activities and related charges, costs for future rent and other real estate costs, and fees related to cost reduction initiatives.

(b) Reflects legal fees arising out of the civil complaint relating to market service agreements and other issues filed against MMC and Marsh by the New York State Attorney General in October 2004 and settled in January 2005, and indemnification of former employees for legal fees incurred in connection with the events of October 2004.

(c) Represents an accrual adjustment related to the separation of former MMC senior executives.

The above schedules exclude incremental costs of \$13 million related to the departure of Marsh's former CEO in the third quarter of 2007.
